Hi Lawanda,

I was asked to forward a copy of the draft report that will be released under FOIA R6-2013-004386/HQ-2013-00614. HQ also provided the press packet that will be hopefully even more useful.

If you have any questions, please do not hesitate to ask. I can help find the right person to answer. ☺

Here are the most up to date FAQs for the seismicity report. R6's press office should have them, but you can share with the congressional liaison directly if you want.
